

peggie™
oo

Say hello to Peggie.

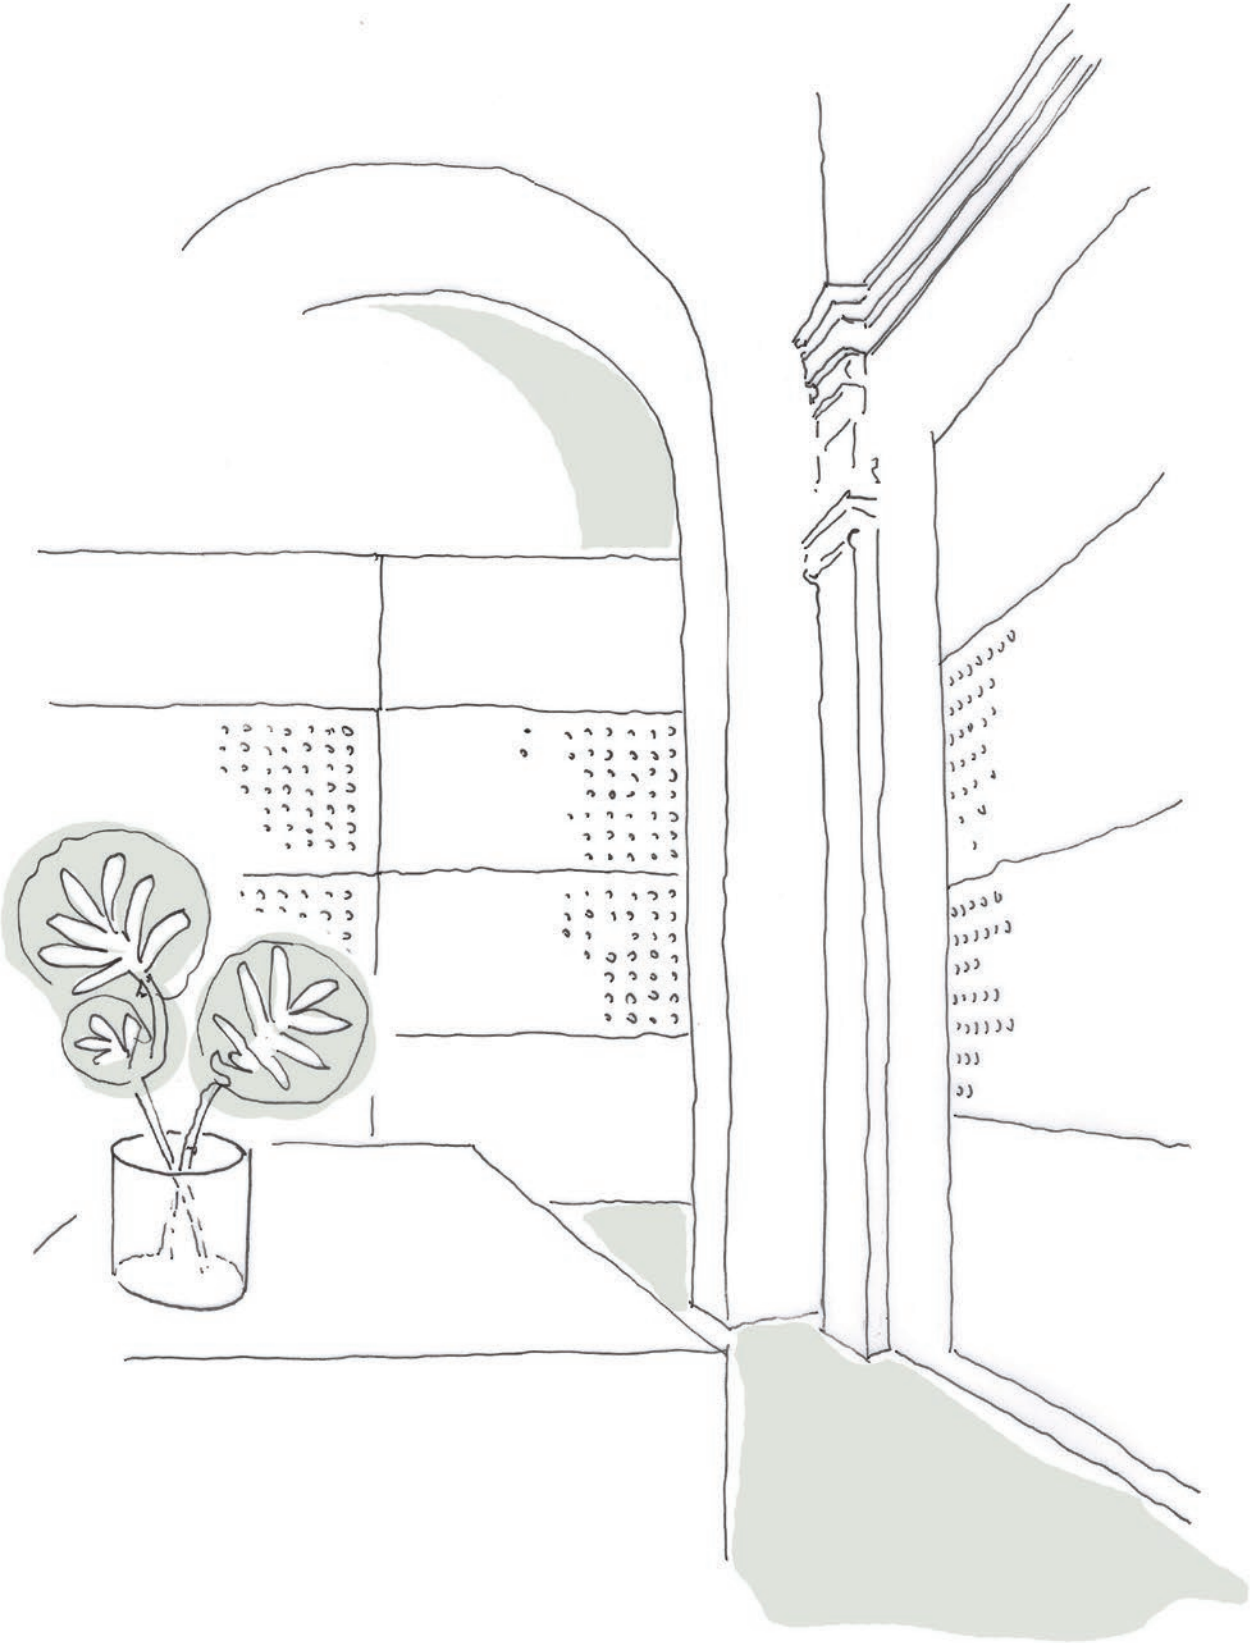

At first glance, she is a simple and earnest system. Pegs. Panels. Shelves. But there's more to Peggie than just her looks.

Once you get to know her, you'll find she is engaging and dependable.

An all-rounder...

Contents

4	A bit about Peggie
14	She has you covered
16	Panels
18	Plain panels
20	Wall mounts
22	Pegs
24	Brass pegs
26	Shelves
30	Accessories
38	Mix with MAXe
40	Make it happen

Some days she likes to blend in and be anonymous. Sometimes animated. *Always clever.*

She dresses for the occasion and knows that a quick change of her accessories will make the look:

Pop-up product launch? *Check.*

Making a statement at the office? *Check.*

Cold-press with her mates? *Check.*

You can count on Peggie to securely lock into place. Change of plans? *Quickly release with a coin.*

Simply insert any coin into the groove on the underside of the peg to release the lock.

She is made of the good stuff with honest geometry and a material palette to match. Solid wood. Baked-on lacquer.

A touch of brass.

Peggie's perforated grid system and dependable kit of parts create a framework for your ideas.

In stock and there when you need her.

The Panel

Using the *Wall mounts*, modular panels can be easily hung onto any type of wall in various configurations. The nifty design of the holes themselves keeps the pegs on a level plane. Their pattern creates a base template onto which the system is assembled.

The Peg

Crafted with a tapered end, the pegs wedge securely into the panel and are kept in place by the safety lock. The notch carved into the front end locates accessories like shelves, hangrails, mirrors, and graphic options that bring your walls to life.

The Shelf

A study in simplicity and strength, the shelf tabs securely over the peg and nests into the notch in the front to ensure it stays put. Updatable graphic holders can be positioned anywhere along the top groove.

The Palette

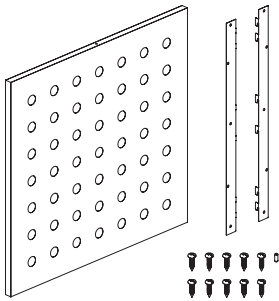

The natural texture of solid oak and brass pegs plays nicely with an assembly of black, white and brass components. Create a monochromatic pairing or play up the contrast for more pop. Brass details add a little wink.

Panels

Panels

Panel – standard
*590 W x 558 mm H
75 x 70 mm perforated pattern
MAXe mounting brackets included
Wall mount sold separately
Install Panels with 10 mm gap for
maximum versatility*
